

ME (Moving Energy)

C F Em F G
 When you look at me, what you think you see, is only Moving Energy.

C F Em F G
 ME has no start, ME has no end; in hide and seek ME always wins.

 From inside Me I look around through new and old beliefs I've found.

 ME has no start, ME has no end. Is ME real or is ME pretend?

 When I'm out at night and I see the stars, I no longer wonder what they are.

C F Em F G
 They have no start, they have no end, they're moving Spirit, like the Wind.

 The Universe, the Love I feel; all is Moving Energy so real.

C F Em F G
 When I look at you, what I think I see, is just another form of Me.

C F Em F G
 ME has no start, ME has no end. When you've got Me, you have a friend.

 ME has no start. ME has no end. When you've got me, you have (x3) a friend.
