

Square Peg

Eva Noblezada

I never fit in never could win
Though I tried and tried this feelin' don't end
I feel out of place a song out of tune
Like a velvet chair in a dusty saloon

Chorus

Square peg, round hole
Like a tumbleweed with nowhere to go
Square peg, round hole
A runaway with nowhere to go
Norther blows in and I feel at home
But deep down inside there's still somethin' wrong
From what they say do I belong?
I'm a melody that don't have a song

Chorus twice

Square peg, round hole
Like a tumbleweed with nowhere to go
Square peg, round hole
A runaway with nowhere to go

Tag G
Square peg round hole
