

"Astro Zombies" - Misfits

C F G C  
Oh, all I want to know  
F G  
All I want

C  
With just a touch of my burning hand  
Am  
I send my astro zombies to rape the land  
Em F  
Prime directive, exterminate  
G  
The whole human race  
C  
And your face drops in a pile of flesh  
Am  
And then your heart, heart pounds  
Till it pumps in death  
Em F  
Prime directive, exterminate

Whatever stands left
