## VERSE 1

G Gmaj7 G7  
If you're far away on this holiday eve

G Gmaj7 G7  
If you're worried at all that you may be forgotten

You should know that you aren't alone

## CHORUS

G Gmaj7  
'Cause you're there and you're shining

G7 C F7

Bright like a beacon, bright as a northern star

G C G C  
So, don't worry because, Santa will find you

G C G C G  
Wherever you are, Santa will find you tonight

## **VERSE 2**

If you're listening for reindeer and sleigh bells  
As they jingle and tap on the roof

You're awake, piled in blankets with your cousins at grandma's  
And you hope there'll be presents for you

## **CHORUS**

## **VERSE 2**

It's the time and the season to bring loved ones together  
Never let distance keep you apart

With the spirit of Christmas you'll never be lost

If you truly believe in your heart

## **CHORUS**
