

# Dance the Night Away – The Mavericks

**G**                    **D7**                    **G**                    **D7**  
 Here comes my happiness a-gain  
**G**                    **D7**                    **G**                    **D7**  
 Right back to where it should have been  
**G**                    **D7**                    **G**                    **D7**  
 'Cause now she's gone and I am free  
**G**                    **D7**                    **G**                    **D7**  
 And she can't do a thing to me

## Chords

### Chorus

**G**                    **D7**                    **G**                    **D7**  
 I just wanna dance the night a-way  
**G**                    **D7**                    **G**                    **D7**  
 With senor-itas who can sway  
**G**                    **D7**                    **G**                    **D7**  
 Right now to-morrow's lookin' bright  
**G**                    **D7**                    **G**                    **D7**  
 Just like the sunny morning light

OR

### Bridge

**G**                    **D7**                    **G**                    **D7**  
 And if you should see her, please let her know  
**G**                    **D7**                    **G**                    **D7**  
 That I'm well -- as you can tell  
**G**                    **D7**                    **G**                    **D7**  
 And if she should tell you, that she wants me back  
**G**                    **D7**                    **G**                    **D7**  
 Tell her no -- I gotta go
