

# MY EYES in B Minor from Dr. Horrible's Sing Along Blog by Joss Whedon

HORRIBLE:

Bm  
Any dolt with half a brain  
Can see that humankind has gone insane  
To the point where I don't know  
If I'll upset the status quo  
If I throw poison in the water main  
Em Bm  
Listen close to everybody's heart  
Em Bm  
And hear that breaking sound  
Em Bm  
Hopes and dreams are shattering apart  
F#m A  
And crashing to the ground  
Bm G  
I cannot believe my eyes  
Bm A G  
How the world's filled with filth and lies  
Bm A  
But it's plain to see  
E G Bm  
Evil inside of me is on the rise

PENNY:

D  
Look around  
We're living with the lost and found  
Just when you feel you've almost drowned  
You find yourself on solid ground  
And you believe

Em Bm  
There's good in everybody's heart  
Em Bm  
Keep it safe and sound  
Em Bm  
With hope, you can do your part  
F#m A  
To turn a life around  
D G  
I cannot believe my eyes  
D A G  
Is the world finally growing wise  
Bm A  
'Cause it seems to me  
(A) E  
Some kind of harmony  
G Bm  
Is on the rise

HORRIBLE:

D  
Anyone with half a brain  
Could spend their whole life howling in pain  
'Cause the dark is everywhere  
And Penny doesn't seem to care  
That soon the dark in me is all that will  
remain  
Em Bm  
Listen close to everybody's heart  
Em Bm  
And hear that breaking sound  
Em Bm  
Hopes and dreams are shattering apart  
F#m A  
And crashing to the ground  
D G  
I cannot believe my eyes  
D A G  
How the world's filled with filth and lies  
Bm A  
But it's plain to see  
(A) E G Bm  
Evil inside of me is on the rise

PENNY:

D  
Take it slow  
He looks at me and seems to know  
The things that I'm afraid to show  
And suddenly I feel this glow  
And I believe  
Em Bm  
There's good in everybody's heart  
Em Bm  
Keep it safe and sound  
Em Bm  
With hope, you can do your part  
F#m A  
To turn a life around  
D G  
I cannot believe my eyes  
D A G  
How the world's finally growing wise  
Bm A  
And it's plain to see  
(A) E G Bm  
Rapture inside of me is on the rise
