Intro: C F C
[Verse]
N.C.
                      F
Will you love me when we go silver
When our ears and noses get bigger?
When Arthritis starts to nag
And our best parts start to sag?
[Verse]
N.C.
Will you love me in reading glasses
Kiss my neck and still make passes?
Our grandchildren we'll scandalize
By holding hands and making eyes
[Chorus]
           Am
There's no real way of knowing
But if things keep going the way they're going
       Am
I will promise you again
I'll be with you and we'll be the best of friends
[Verse]
N.C.
         C
Will you love me if I babble
Let me win sometimes at Scrabble?
Will you help me bear the load
And be somebody you're still proud to know?
[Verse]
N.C.
Will I still be what you need
```

```
If I drive below posted speed?
Lay down like spoons in quiet wonder
                           N.C.
Have years and days (pause) without number?
[Chorus]
           Am
There's still no way of knowing
But if things keep going the way they're going
I will promise you again
I'll be with you and we'll be the best of friends
[Verse]
N.C.
And will you love me when life hurts
Wake me up if I fall asleep in church?
Sit beside me when evening comes
              G
And count our blessings one by one?
[Chorus]
There is no way of knowing
But if things keep going the way they're going
I will promise you once again
                                                     GC
