

Such Great Heights – Iron and Wine

F C
I am thinking it's a sign
Bb
That the freckles in our eyes
F
Are mirror images and when we kiss
C
They're perfectly aligned

F C
And I have to speculate
Bb
That God himself did make us
F
Into corresponding shapes
C
Like puzzle pieces from the clay

F C
And true it may seem like a stretch
Bb
But it's thoughts like this that catch
F
My troubled head when you're away
C
When I am missing you to death

F C
When you are out there on the road
Bb
For several weeks of shows
F
And when you scan the radio
C
I hope this song will guide you home

F C
They will see us waving from such great
heights
Bb F C
Come down now, they'll say
F C
But everything looks perfect from far
away
Bb F C
Come down now but we'll stay

F C
I've tried my best to leave
Bb
This all on your machine
But the persistent beat
F C
It sounded thin upon listening

F C
And that frankly will not fly
Bb
You'll hear the shrillest highs
F
And lowest lows with the windows down
C
When this is guiding you home

F C
They will see us waving from such great
heights
Bb F C
Come down now, they'll say
F C
But everything looks perfect from far
away
Bb F C
Come down now but we'll stay
