F   **Bb**   **F**   **Bb**

F
Well it's been building up inside of me
Bb   **C**
For oh, I don't know how long
F
I don't know why, but I keep thinking
Bb   **C**
Something's bound to go wrong
Gm   **C7**
But she looks in my eyes
Am   **D7**
And makes me realize

       G
And she says, ("Don't worry baby")
         C
"Don't worry baby
D   **G**
Everything will turn out alright
        C   **D**   **C7sus4**   **C7**
Don't worry baby"

F
I guess I should've kept my mouth shut
      Bb   **C**
When I started to brag about my car
F
But I can't back down now because
Bb   **C**
I pushed the other guys too far
Gm   **C7**
She makes me come alive
Am   **D7**
And makes me wanna drive

         G
When she says, ("Don't worry baby")
         C
"Don't worry baby

```
        D                G
Everything will turn out alright
              C       D              C7sus4   C7
Don't worry baby"

F       Bb    F       Bb

F
She told me "Baby, when you race today
Bb                     C
Just take along my love with you
F
And if you knew how much I loved you
          Bb                 C
Baby nothing could go wrong with you"
Gm              C7
Oh what she does to me
Am                   D7
When she makes love to me

          G
And she says, ("Don't worry baby")
                C
"Don't worry baby,
D                     G
Everything will turn out alright
              C       D              C7sus4   C7   F
